**NOTICE OF PENDING CLASS ACTION**

You could be affected by a pending class action lawsuit that Plaintiff hospitals brought against Intuitive Surgical, Inc. (“Intuitive”). The case is *In Re: Da Vinci Surgical Robot Antitrust Litigation*, No. 21-cv-0382 (N.D. Cal.). The Court decided that this lawsuit should be tried to a jury as a class action on behalf of a group, or “class,” of entities that could include you. No monetary or other benefits are available now because the lawsuit is not resolved. There is no guarantee they will ever be available. If they do become available, you will be notified about how to seek a share in any recovery, unless you choose to exclude yourself from this lawsuit (see below).

**WHAT IS THIS CASE ABOUT?**

Plaintiffs allege that Intuitive violated federal antitrust laws by engaging in anticompetitive tying, exclusive dealing, and monopolization of an alleged market for the repair and replacement of EndoWrist instruments and an alleged market for da Vinci service. Plaintiffs allege that Intuitive requires hospitals and other surgery centers that wish to obtain a da Vinci robot to agree to (a) purchase EndoWrists only from Intuitive; (b) refrain from servicing, repairing, or modifying EndoWrists or hiring independent repair companies (IRCs) to do so; (c) discard EndoWrists when they reach Intuitive’s pre-set use limit (typically 10); and (d) use only Intuitive to service the da Vinci robot. Plaintiffs claim that absent Intuitive’s allegedly anticompetitive conduct, da Vinci robots and EndoWrists could be safely repaired and serviced by IRCs instead of Intuitive, resulting in lower prices and more options for hospitals and surgery centers. Plaintiffs seek monetary and injunctive relief as a result of these alleged violations.

Intuitive denies that it did anything wrong and maintains that its conduct and contracts have been reasonable, lawful, and procompetitive. Intuitive disputes Plaintiffs’ alleged markets and denies that it has monopolized those alleged markets or engaged in any other violation of the federal antitrust laws. Intuitive disputes Plaintiffs’ allegation that third-party modification of EndoWrists constitutes repairs.

If the class action does not resolve prior to trial, Plaintiffs will have to prove their claims in Court.

**ARE YOU INCLUDED?**

The Court certified a class (the “Class”) defined as: All entities that purchased da Vinci service and EndoWrists from Intuitive in the United States at any time from May 21, 2017, to December 31, 2021. The Class does not include hospitals run by the Departments of Defense and Veterans Affairs and any entity that excludes itself.

If you have questions about membership in the Class, please visit [www.DaVinciAntitrustClassAction.com](http://www.DaVinciAntitrustClassAction.com).

**WHO REPRESENTS YOU?**

The Court has appointed the law firms Spector Roseman & Kodroff P.C., Hausfeld LLP, and Cohen Milstein Sellers & Toll PLLC to represent the Class as “Plaintiffs’ Co-Lead Counsel.” You don’t have to pay Plaintiffs’ Co-Lead Counsel or anyone else to participate. Instead, if Plaintiffs’ Co-Lead Counsel get money or other benefits for members of the Class, they will ask the Court for attorneys’ fees

and costs. Any fees and costs would be deducted from money obtained or paid separately by Intuitive. You may hire your own lawyer to appear in Court for you, but if you do, you will have to pay that lawyer.

## WHAT ARE YOUR OPTIONS?
